

ASSOCIATION FOR EQUAL SUFFRAGE

Dr. David Starr Jordan is
Elected President—Shorter
Courses and Longer Hours
Wanted for Schools.

ST. PAUL, Minn., July 10.—The National Educational association took a decided stand for equal suffrage in the resolutions introduced Thursday; indulged in a backhand slap at the Carnegie, Rockefeller and Sage foundations without naming them; declared equality in pay for men and women and compromised on the subject of teaching sex hygiene in the schools.

Without a dissenting vote Dr. David Starr Jordan of California was elected president for the ensuing year at the general session at the Auditorium. Dr. Jordan's name was the only one presented by the nomination committee. As the next session of the N. E. A. is to be an international one and Dr. Jordan is well known abroad, his candidacy was strongly supported. Dr. D. B. Johnson of South Carolina, who was prominently mentioned for the office, withdrew.

Dr. Joseph Swain, retiring president of the association, was elected first vice president by unanimous vote. Other vice presidents elected were as follows:

Grace C. Strachan, New York; Isabel Williams, St. Paul; Walter E. Seidler, Idaho; Mrs. Helen Hoffer, Ill.; J. W. Brister, Tenn.; R. C. Stearns, Virginia; Mrs. Josephine Preston, Washington; J. G. Collicott, Indiana; Mrs. Cora G. Lewis, Kansas; and P. L. Cook, South Dakota.

Grace M. Shepperd, Boise, Idaho, was re-elected treasurer. Shorter courses and longer hours were among changes advocated by the commission on the reorganization of methods in the teaching of manual training in secondary schools. The report of the commission was presented by Prof. M. Leavitt of the University of Chicago.

Simplified spelling was given a cuff on the ear and tossed out of the convention today.

The cuff came in the report of the committee on by-laws. An amendment was proposed last year which directed that additional simplified words be added to the list of those adopted the latter part of the 19th century. The committee on by-laws reported on this amendment, recommending that it not be adopted.

Carroll G. Pearce, principal of the state normal school at Milwaukee, Wis., who read the report announced the decision of the committee and in routine form Pres. Swain asked for a vote from the delegates and it was adopted.

Scarcely had it been announced before E. O. Vail of Illinois, former champion of simplified spelling, was on his feet to protest.

"I did not realize," he said, just what was in that report and I object to its being passed in any such manner."

Another delegate arose and asked that it be reconsidered. The action was taken, but Mr. Vail served notice that he would bring up the question again at the next annual meeting.

ANOTHER VICTORY FOR NATURE'S CREATION

MILTON WOLF
Another victory can be credited to Nature's Creation, the great remedy for tuberculosis and the conditions leading to it—such as asthma, bronchitis, catarrh, run-down system and impure blood. Here are two statements from Milton Wolf, of Reynoldsburg, O., which speak words of truth and words of praise for Nature's Creation.

April 3, 1909.—I feel confident that I would not be alive to-day except for Nature's Creation. I was slowly wasting away last fall when I started taking Nature's Creation. I picked up fast and soon was able to go to work, having gained fifteen pounds. I shall always be thankful to Nature's Creation and trust that it will do for others what it has done for me.

April 11, 1914.—I have enjoyed good health since I gave my testimonial four years ago and have never had any sign of the old trouble. Have worked steadily on my farm and weigh 145 pounds. Will be glad to talk to anyone about my case and do all I can for Nature's Creation.

These original letters, together with hundreds of others relating recoveries even more remarkable—are on file in our office and we will pay \$1,000 to anyone proving that these testimonials are not genuine or that I ever paid a single cent for them. If your system is run-down; if your blood is impure; if you have lung trouble or pains across the chest or back; or are afflicted with attacks of coughing; if you are losing strength and weight and have no energy; or if you have smothering spells or shortness of breath, you may have tuberculosis or asthma or the conditions which lead to it. In that case you need Nature's Creation. In that case you should write to-day for our new booklet, "Truth," which contains photographs and testimonials from local patients, telling of remarkable recoveries. Sent free if you simply address a postal card to: L. Haymann, 417 State Life Building, Indianapolis, Ind.

DR. FLOOD'S SCIENTIFIC STOMACH REMEDY

This new treatment for Indigestion, Sour Stomach, Gas, Bad Breath, Sal-low Complexion and all stomach disorders acts in a new way.

The old remedies and dyspepsia tablets only treat the symptoms of stomach trouble and never will cure you. Dr. Flood's Scientific Stomach Remedy first loosens up the hardened bile and mucus from the walls of the stomach so that the necessary digestive juices can flow. No other preparation does this. It expels the poisonous waste matter from the stomach and intestines and removes the cause of habitual constipation. This poisonous waste matter in the intestines generates microbes that are carried by the circulation to all parts of the body and affects the heart, lungs, kidneys and arteries. Many people find that after Dr. Flood's Scientific Stomach Remedy has relieved their trouble and removed all poisonous waste matter, that symptoms of heart trouble, kidney disease and other derangements disappear. Commence to restore your health and vigor to-day. Your money back if dissatisfied.

BANDITS HOLD UP TRAIN; BLOW SAFE

Katy Flyer is Stopped Near St. Charles, Mo.—Posses Are on the Trail.

ST. LOUIS, July 10.—Bandits held up the Missouri, Kansas and Texas westbound passenger train known as the Katy Flyer at Watson, Mo., 29 miles west of St. Charles and dynamited the safe in the express car late Thursday night. The St. Charles police were notified and in turn informed the St. Louis police. Posses started from several nearby points immediately on engines. The bandits took the baggage and mail and express cars down the track several miles after ordering Engineer Schnabel to cut loose from the remainder of the train.

This train usually carries a heavy money run. Officers at neighboring towns along the Wabash and Missouri Pacific were notified of the robbery and told to look out for the bandits.

Bloodhounds from Marthasville, Mo., were rushed to the scene shortly after the robbery.

GLARE IN SKY IS CAUSED BY FOG

Efforts to Locate Blaze Are Futile—Lydick People See Same Phenomena.

A bright glare which early last night appeared in the northwest had many people guessing as it appeared to be the reflection from some big fire. Efforts made to discover a blaze failed to locate any and the supposition is that the glare was the result of the fog which was rather heavy during the evening.

The glare appeared in the direction of Lydick but telephone communication with that place failed to uncover a blaze. It was stated over the phone that the same condition had been noticed there. They described the glare as being towards the north and west. New Carlisle had no fire and other points in that direction could give no clue as to the cause of the bright sky.

BEACHY THINKS TRIP WILL END IN TRAGEDY

No Man at Present is Capable of Making Flight Across the Ocean.

MINNEAPOLIS, Minn., July 10.—Lincoln Beachy, the aviator, does not believe that Lieut. Cyril N. Porte will be able to fly across the Atlantic ocean in the airplane America.

"I do not believe that the present machine, the America, is capable of making the flight," said he. "I am convinced that no man at present can perform this feat. It is one thing to drive a machine for 10 or 15 hours over a stated course over the land. It is an entirely different thing to drive this machine over water, even the roundless ocean for that length of time. The experiment, if made will result in a fiasco or a tragedy."

SPECIAL TRAIN FOR VISIT TO HOME TOWN

Captain James Ewart, 75, Wants to See Old Sights Before He Dies.

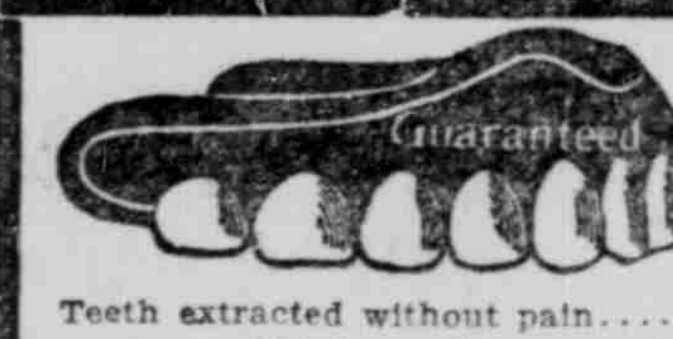

MAYSVILLE, Mo., July 10.—Desiring to see his boyhood home again before he dies, Captain James Ewart, 75, millionaire bachelor, said to be the wealthiest private banker in northwest Missouri, left Thursday for Mount Gilead, O., on a special train. Ewart was accompanied by doctors, and nurses, while scores of friends bade him farewell at the station. Captain Ewart has erected a \$100,000 vault in the cemetery at Mount Gilead where he expects to be buried.

POSTPONE RACES.

NEWPORT, R. I., July 10.—A thick fog caused the postponement Thursday of the second of a series of races for the cup yachts arranged by the New York Yacht club. If the weather clears the yachts will start Friday.

TYPICAL NEWSPAPER COMMENT ON THE REDPATH CHAUTAUQUA OF 1913

The Tri-City Daily, Florence, Ala., says:

"Florence has been captured entirely by the Redpath Chautauqua and it is a safe bet that the chautauqua will not be allowed to pass this city by in the future."

In an editorial in the Albany, Ga., Herald

this statement is made: "Thru this big organization with a string of 110 chautauquas scheduled we were enabled to have attractions that we could not have secured for a single assembly."

The Dyersburg, Tenn., State Gazette said

editorially: "We will all be sorry when it becomes necessary for them to fold their tents, but unlike the Arabs it will not be necessary for them to steal away."

The Clarksville, Tenn., Leaf-Chronicle

"Now that our good people know from actual experience just what are the possibilities of the Chautauqua movement they are unanimously agreed as to its great helpfulness to a community."

The Birmingham, Ala., Age-Herald says:

"The tent which holds over 2000 persons was well filled when the performance began last night and altho the weather was hot every part of the program was received with much enthusiasm. Indications are that from now on large crowds will patronize the chautauqua performances. The Redpath agency which is giving the program is well known as one of the foremost booking agencies of the world."

The Alpena, Mich., Echo: "When Mr. Rhein-

frank asked those of the audience who would like a chautauqua in Alpena next year to stand, the entire audience arose. It was necessary to call an imposing vote."

The Battle Creek, Mich., Enquirer: "The Best

Ever Chautauqua grows more popular with each succeeding entertainment."

The Gary, Ind., Post: "It is doubtful if any chau-

tauqua in any city has ever had such overwhelming success during its first year as the Redpath Chautauqua had here during its present engagement."
